TEN CENTS

## Viets beef posts

SAIGON (UPI) — South Vietnamese troops reinforced their sputtering defense network south of the Demilitarized Zone (DMZ) today and American B52s pounded Communist positions and infiltration routes nearby.

As the allied units strove to shore up the defense line near the neutral zone, the U.S. command acknowledged today that unannounced B52 strikes have been flown in the southern half of the DMZ since the bombing of North Vietnam was halted in 1968.

UPI Correspondent Stewart Kellerman reported armored personnel carriers of the American 101st Airborne Division were moving up toward the allied defense line.

The North Vietnamese bombardment against outposts of the DMZ line died down today after nearly a week of intensive shelling. Military spokesmen reported no new Communist shells since midnight.

Kellerman reported however, that the vehicle he rode in drew fire from Communists made AK47 automatic rifles on Highway 9 in the Cam Lo Valley. He reported passing 25 vehicles carrying 20 infantrymen apiece moving toward the DMZ defense line. He said 10 of the 101st airborne personnel carriers were sitting on the defense line at Mai Loc.

The line consists of 10 major bases strung in a zigzag pattern for 25 miles up and down the Cam Lo and Quang Tri River Valleys roughly paralleling the DMZ.

Kellerman reported seeing air strikes along the line by American F4 Phantom jets and A-10 Cobras helicopter gunships. Mai Loc, where 101st airborne vehicles were lining up, lies midway between artillery fire bases at Camp Carroll and Fire Base Sarge.

Until Sunday, all three bases were screened by Nui Ba Ho, whose fall left Mai Loc with the burden of helping defend Carroll and Sarge. The Air Force's 369th Tactical Fighter Wing said today it flew 26 sorties Sunday in the counterattack at Nui Ba Ho.

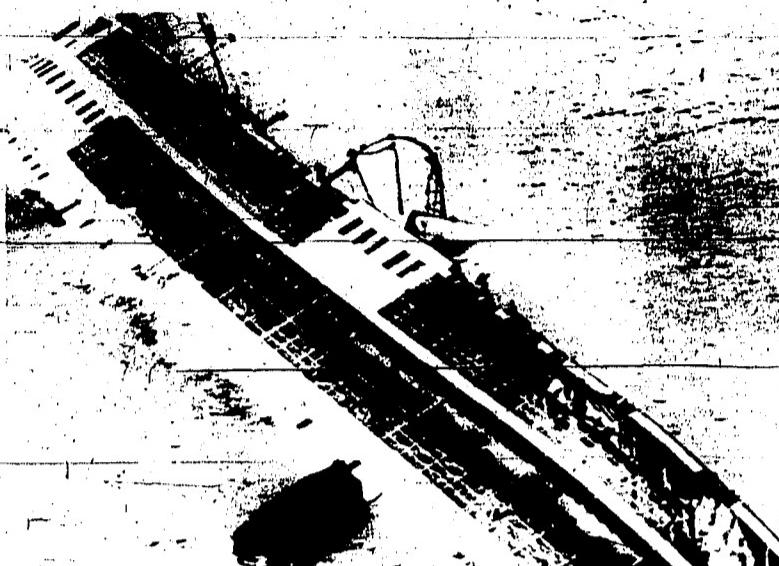

## Chinese 'invade' Balkans

LONDON (UPI) — Communist China, determinedly pushing its influence into Russia's political backyard, has sent a military mission to the Balkans and offered aid to Sudan, diplomatic sources said today. Diplomats said they saw the moves as part of a stepped-up strategy of penetration into Soviet spheres of influence by the regime of Muo-Tse-tung in defiance of latest angry warnings from Moscow.

China sent a military mission to the Balkans, headed by the political chief of the army, Li Te-chang, which demonstratively stopped over in the Romanian capital of Bucharest Monday and was greeted by Defense Minister, Gen. Ion Ioniță. The mission, which went on to Albania, may return for military talks with Romania on possible supplies of Chinese weapons, diplomatic sources said.

A political mission from Peking was expected to follow later this fall on visits to Romania and Yugoslavia, diplomatic sources said.

To Russia's dismay and despite increasingly stern Moscow warnings, both these countries are intensifying contacts with Peking, the sources said.

Rose rampages

HONG KONG-MACAO ferry Fatsham lies on its side in 30 feet of water at Hong Kong today after being capsized by Typhoon Rose. At least 70 crew members of the ferry were missing and presumed dead. Winds of 115 miles per hour battered the island and severe flooding has resulted from more than 10 inches of rain dumped on this British colony by the typhoon. (UPI)

## Wild river move hit

BOISE (UPI) — The Idaho State Reclamation Association went on record today adamantly opposed to Sen. Robert Packwood's bill to make a wild river of the Middle Snake.

Directors of the association said the Oregon Republican's measure is silent as to how the agriculture secretary, the appointed administrator, should control the flow of water in the Middle Snake River.

He said there has been a very long history of negotiations between the states of Idaho, Montana, Washington and Oregon about allocation of flows in the Columbia River System.

They said it is possible the secretary could choose to oppose any future upstream development of surface or ground waters in the state of Idaho to preserve the flows of water

now passing through the Hells Canyon area.

"This could literally bring to a stop all future development of water in the southern portion of Idaho," said Jack Burnett, executive director of the association.

Burnett said the Packwood bill could be a "back-door approach to establish by legislation requirements that could not be agreed upon by compact negotiations."

"Preventing Idaho from using waters upstream would in effect preserve them for the use of Washington and Oregon below the proposed Hells Canyon-Snake National River," Burnett said.

## Pickets patrol Heyburn plant

HEYBURN — About 50 members of American Federation of Food and Grain Miller Union Local 296 picketed all 12 gates at the J.R. Simplot Co., Heyburn plant today, as managers and supervisors prepared for the start of potato processing Sept. 1.

The union officially went on strike Sunday after negotiations broke down. The union is demanding a new contract for increased wages, better hours and better working conditions.

The grain millers turned down an offered wage boost by Simplot's of 75 cents an hour over a three year period with additional fringe benefits.

According to Hugo Daloglio, Simplot area general manager, there were about 450 union employees working before the strike who are immediately affected. He said since the plant is not in processing operation, many workers were not yet affected. Daloglio said as far as management is concerned, there is a job waiting for any employee who wants to show up for work. He added that several already have come back.

China sent a military mission to the Balkans, headed by the political chief of the army, Li Te-chang, which demonstratively stopped over in the Romanian capital of Bucharest Monday and was greeted by Defense Minister, Gen. Ion Ioniță. The mission, which went on to Albania, may return for military talks with Romania on possible supplies of Chinese weapons, diplomatic sources said.

A political mission from Peking was expected to follow later this fall on visits to Romania and Yugoslavia, diplomatic sources said.

To Russia's dismay and despite increasingly stern Moscow warnings, both these countries are intensifying contacts with Peking, the sources said.

## Indian affairs scored

**WASHINGTON (UPI)** — A White House official has conceded any Interior Department official who stands up for Indian land and water rights will end up "battered and frustrated."

**Leonard Garment**, a special consultant to President Nixon, said as much in a letter commanding on a threat by department officials to fire William H. Veeder, an attorney with the Bureau of Indian Affairs.

Veeder, who has frequently and publicly criticized the de-

partment for failing in its responsibility to guard Indian water rights, was recently ordered to transfer to the BIA office in Phoenix, Ariz., or face dismissal.

Veeder rejected what he said was an "ultimatum" by deputy Indian Commissioner John O. Crow and demanded a full hearing if he is to be fired after nearly 30 years of government service.

Garment acknowledged a de-

fender of Indian rights would get into hot water in response

to a protest by Pacific Northwest Indians against the threat to fire Veeder.

"Anyone in Interior — a Vee-

der or anyone else — standing up

and strong and single-mindedly for

Indian land and water rights

would end up battered and frus-

trated," Garment said last week

in a letter written on White

House stationery.

He added, however, such trou-

bles would be due to "institutional clashes" rather than to

personal disagreements. The

problem was an "institutional deficiency" rather than any-

thing "wrong" with Veeder.

Crow, Interior Secretary-Rogers

C.B. Morton or assistant Secre-

tary Harrison Loesch.

Dudley, Mrs. Ronald Hepworth, Mrs. Gordon Carson, Dennis Lindsay, Mrs. Dennis Teachout and son, Mrs. Thomas Blayney, Form Petersen and Mrs. Garth Hess, all Burley; Mrs. Earl Hunter, Nov.; Mrs. Mary Romero and Mrs. Lloyd Herber, both Heyburn; Jennie Hale, Oakley; Mrs. Darrel Dickson and son and Mrs. LaMar Staker and son, all Rupert.

**Births**

Songs were born to Mr. and Mrs. Errol Orton, Mr. and Mrs. Richard Brown, Mr. and Mrs. Dennis Beck, all Burley and Mr. and Mrs. LaMar Staker, Rupert.

**WENDELL** — Frank Pathel

Services this morning at his home southwest of Wendell. He was born Sept. 13, 1884.

Services are pending and will be announced by Leeper Mortuary.

The now antlers of a bull elk are barely as large as a human hand in late April but have reached full growth by August.

## Andrus halts raises

**BOISE (UPI)** — Gov. Cecil D. Andrus said Monday that President Nixon's economic directives to freeze wages, prices and rents for 90 days will halt state employee pay raises scheduled for Oct. 1.

Andrus said, "This is a drastic move but I have to support the President in it."

Gov. Andrus, a Democrat, had previously ordered wage increases for three classes of state employees — the first ones effective July 1, the second Oct. 1, and the third Jan. 1.

Andrus said the pay hikes would be held up for at least 90 days or until another directive is issued by President Nixon.

Andrus said "It's obvious something has to be done," recalling that he spoke out in favor of wage and price controls when he campaigned for office a year ago.

Andrus said it was uncertain whether state employees entitled to pay hikes in the next three months would get retroactive increases.

Andrus said this would depend in part on any further directive from the President.

Andrus said he had conferred with a federal official in Seattle following the President's Sunday night announcement of economic policy and how this will affect Idaho.

Andrus said that according to his information pay scales in effect last Friday will remain in effect until the freeze is lifted.

Andrus said prices in stores would be frozen at the highest price the store had charged in the past month for specific items.

**Valley Briefs**

**SHOSHONE** — Mrs. Daniel (Maxine) Urrutia underwent open heart surgery at a Boise hospital last week. She is reported doing well, but will be confined to the hospital for another week before she can return home.

**BURLEY** — Fred R. Harms, 73, died in a Buhl nursing home Sunday evening after a long illness.

He was born at Davenport, Neb., Dec. 8, 1897. He was married to Thelma Vinegar of Ogden, Utah, Nov. 10, 1932. He moved to Wyoming as a small boy from Nebraska and came to Idaho in 1919. He was a member of the Lutheran Church.

He is survived by his widow; three brothers, G. W. Harms, Caldwell; A. J. Hartney, Wendell, and John Harms, Compton, Calif.; three sisters, Mrs. Marle Fuller, Rock Springs, Wyo.; Mrs. Sophie Corrigan, Kansas City, Mo.; and Mrs. Meta Conner, Buhl.

He was preceded in death by one sister.

Funeral services will be conducted at 10 a.m. Thursday at the Albertson-Dickard Chapel with the Rev. R. J. Schulz officiating. Friends may call until 8 p.m. Wednesday evening. The memorial wreath will be in charge of Carl Dailos.

**FUNERAL SERVICES**

**Frank Pathel**

**BURLEY** — Services for Leo Karlson will be held at 11 a.m. Wednesday at McCulloch Funeral Home. Burial will be in Pleasant View Cemetery.

Services are pending and will be announced by Leeper Mortuary.

The now antlers of a bull elk are barely as large as a human hand in late April but have reached full growth by August.

Mrs. Vern Green and son, Burley, and Jerry Emery and Richard Fisher, both Rupert.

## Signs of the times

## Gov. Wallace claims support

**MONTGOMERY, Ala. (UPI)** — Gov. George Wallace claimed support from blacks and a favorable national reaction today to his directives to Alabama school boards to defy federal school desegregation orders.

Wallace said he would go to all-black Hobson City, population 1,500, Wednesday afternoon for a public signing of a directive ordering the Oxford City Board of Education and the Calhoun County Board not to comply with a federal students placement plan, his third such order in two weeks.

The governor said he was invited to publicly sign the directive by black Mayor Joe Striplin of Hobson City and white Mayor B. A. Adams of Oxford who would send an escort for the ceremony.

Wallace declined comment on a federal judge's remarks Monday in Birmingham that resulted from the governor's action in directing Jefferson County school officials to resign a 15-year-old white girl, Pamela Davis.

Judge Sam C. Pointer Jr. said Wallace's statements were merely "an exercise of free speech by the governor, he is entitled to it as much as anybody."

If he asks you to disobey the order of the court it would be void and of no effect," Pointer told the official in denying moves by black attorneys to have Wallace made a defendant in the case involving a new desegregation plan for Jefferson County.

While Wallace declined comment on Pointer's remarks, he indicated he was pleased with

the national reaction to his latest fight with the federal courts.

He said high officials in surrounding states had backed his stand and that others across the nation were taking notice.

"I received a letter from a governor — in a state — you wouldn't believe wanting a copy of my executive order," Wallace said.

Wallace said he would go to all-black Hobson City, population 1,500, Wednesday afternoon for a public signing of a directive ordering the Oxford City Board of Education and the Calhoun County Board not to comply with a federal students placement plan, his third such order in two weeks.

The governor said he was invited to publicly sign the directive by black Mayor Joe Striplin of Hobson City and white Mayor B. A. Adams of Oxford who would send an escort for the ceremony.

Wallace declined comment on a federal judge's remarks Monday in Birmingham that resulted from the governor's action in directing Jefferson County school officials to resign a 15-year-old white girl, Pamela Davis.

Judge Sam C. Pointer Jr. said Wallace's statements were merely "an exercise of free speech by the governor, he is entitled to it as much as anybody."

If he asks you to disobey the order of the court it would be void and of no effect," Pointer told the official in denying moves by black attorneys to have Wallace made a defendant in the case involving a new desegregation plan for Jefferson County.

While Wallace declined comment on Pointer's remarks, he indicated he was pleased with

the national reaction to his latest fight with the federal courts.

He said high officials in surrounding states had backed his stand and that others across the nation were taking notice.

"I received a letter from a governor — in a state — you wouldn't believe wanting a copy of my executive order," Wallace said.

# Bid approved for phase 2

By BONNIE JONES  
Times-News Writer

TWIN FALLS — City council members Monday night approved the bid of Neilson Construction Co., Twin Falls of \$615,233.15 for the second phase of the city's downtown improvement.

The bid was low and within engineering estimates, City Manager Jean Milar said. It will cover utility improvement and installation of utility lines underground. Off-street parking areas will also be surfaced and metered.

Milar said a meeting was held last week after bids were received to review the figures with utility companies, the Downtown Improvement Association, Urban Renewal Agency and others involved in the project. Another meeting was scheduled for 4 p.m. Tuesday to review financial participation by the seven agencies and companies involved and to make certain financing will be available when needed.

Milar said in the adjourned council meeting next Monday, he will present formal recommendations for project financing.

Council members also accepted a number of other bids on various commodities. Bids were opened last week and have been under review by department heads, the city manager and engineer since that time.

Milar recommended tires be purchased from Firestone Co., which offered the low bid on overall tire needs and also bid on all items requested by the city. Anti-freeze was approved at \$1.10 per gallon from United Oil Co.; petroleum products from American Oil and Standard Oil with American awarded the purchase of regular gasoline at 21.25 cents per gallon; Standard Oil the transport gasoline at 19.00 cents; diesel and burner oil and American and Standard with

the same bid of 22.75 cents per gallon on premium gasoline will share the bid. Continental Oil Co. received the kerosene bid at 23.8 cents per gallon.

Coal will be purchased from McCoy Coal and Transfer, the only firm submitting a bid. Milar said he believed the offer of \$19 per ton is about as good a price as could be obtained.

Five calculator machines were purchased with the Tex Inc., bid, low on four of the machines accepted. These will include one for each of the water department, clerk's office, city manager and engineering for a total of \$2,410.

A special programmable machine for the city engineer's office will be purchased from SCM, Inc. for \$2,845.25.

The bid of Home Plumbing Co. was accepted for \$18,000 for installation of a booster pump and construction of a pump building. This is the second call for bids on the item and both times only Home Plumbing bid. The bid accepted Monday night compares with the first bid of \$21,000.

Beymer Paving Co. was awarded the job of paving Foothills Avenue East on a bid in the amount of \$14,700 with the city to furnish gravel and asphalt.

New flooring at the Twin Falls City-County Airport, for which bids were opened Monday afternoon, was awarded Volvo Builders on a bid of \$1,928.21. It will be used to cover all of the terminal building except the leased areas where leasing concerns have provided carpet or other covering of their own choosing, Milar said.

The council approved a lease agreement at the airport with Ken Spray Co., and referred a zoning request from Dr. Milton Robert to the city's planning and zoning commission. Dr. Robert requested a change from residential to residential professional zoning on two pieces of property on Fairway Drive.

## Council denies request

# Ellsberg trial won't be until next year

LOS ANGELES (UPI) — Duane Ellsberg won't go on trial until sometime next year, when he plans to base his defense on the American public's right to know the secrets of the Pentagon papers.

"There are very important issues to be raised," Ellsberg told newsmen before pleading innocent Monday at his arraignment for breaking federal security laws.

"They are issues of war and peace, life and death, and they are incomparably more important than what happens to me."

He said he was working on more disclosures.

Only hours after his own arraignment, Ellsberg, 40, said he was emotional goodbye to Anthony J. Russo, 34, a friend who became the first person jailed in the case. Russo surrendered to the U.S. mar-

shals' office and was jailed indefinitely for refusing to tell a federal grand jury about Ellsberg's activities.

Ellsberg walked with him to the marshal's office, their arms high crimes of officials" in about each other's waists, and they embraced with tears in their eyes in the doorway.

Ellsberg, and Russo, were colleagues at the Rand Corp., the think tank in neighboring Santa Monica from which Ellsberg is accused of stealing the secret history of the Vietnam War.

Ellsberg told newsmen he hopes that by the time his trial begins, American involvement in Vietnam will have ended.

He made it clear he would base his defense on the contents and importance of the Pentagon papers, instead of denying that he leaked them to the press—something he already has

BOISE (UPI) — State Insurance Commissioner John Blaine says there is a possibility that state employees health insurance may be cancelled because of the President's wage-price freeze.

Blaine said the company has lost considerable amount of

money during recent months because of low premiums and has requested an increase Oct. 1.

But, because of the wage-price freeze, Blaine said, that increase may not be possible.

He said he would check further with the Attorney General's Office.

# CSI enrollment to reach 3,000

By MIKE ROBERTSON

Times-News Writer

TWIN FALLS — The enrollment at College of Southern Idaho seems headed for a 10 per cent increase for the coming school year, according to Dr. James Taylor, CSI president.

At the regular meeting of the board of trustees Monday night, Dr. Taylor said the total enrollment should reach 2,800 to 3,000 students. Nearly 1,000 students already are pre-enrolled. Dr. Taylor said, and in excess of 750 have academic students.

Registration is Aug. 25-26 and classes begin Monday, Aug. 30, Dr. Taylor said.

He said the caliber of student seems high and that he is "very pleased." There is also a high request by married people coming to the college for housing. He added that the dorm is already full.

Dr. Taylor said a computer card system will not be used this year in registration. The system was tried in the summer term but didn't work well, Dr. Taylor said. He said it isn't practical for a small college when it can't have its own computer facilities.

The board acted on the

recommendations of the scholarship committee, approving several money grant scholarships to students for the coming year.

The scholarships approved were for Mary Holcomb, Carl Ridgeway Memorial; Gary Greener, Creed Memorial and Bickel PTA; John Bailey, Delta Psi Omega; Robert Rodriguez, Dilettante; Melody Asher, Ann Powers Memorial; James Brill, music; A. Valeta Burk, music; Eric Christiansen, Laura Moore Cunningham Memorial; Keith Hatchett, veterinarian; Deborah Rudolph, First Security Bank; F. James Sund, Trust Fund, and Carol Wevers, Laura Moore Cunningham.

Dr. Taylor said work is being completed on a thrust stage in the Fine Arts Auditorium. He said the stage will be lowered up and down by hydraulic cylinders. New flooring is being installed on the stage.

The first 10 micro-viewers for the micro-library system has arrived, Dr. Taylor said. He said the new system will enable the storage of a greater number of books in the library. Each book is printed on a three by five inch micro-film card. Dr. Taylor said the viewers will be

## Father, son treated

JEROME — A two-car collision at the entrance to the Jerome Fairgrounds Monday afternoon sent a father and his son to St. Benedict's Hospital.

Clarence Cox Jr., 32, and his son Clarence, III, were treated and released, for injuries received when the Cox vehicle collided with one driven by Fred Beer, 32, Jerome.

Jerome police, who investigated, said the Cox car skidded 45 feet and collided broadside with the Beer car. Damage was extensive to both cars, police said.

Cox was cited for failure to register his vehicle and for expired license plates. Beer was cited for failure to yield.

## Right Move

His boldness was breathtaking. It was something that had to be done to solve a complicated problem of economics.

President Nixon's move was the way to go. It would never prove to be successful a piece at a time. The whole package had to be opened at once and that is just what he did.

The shock of it all was felt around the world. In Idaho and the Magic Valley it will be felt immediately in some instances and in the months ahead in other instances. But there is no doubt that it will be felt. It was the prime topic of conversation among business and professional people—and among the workers—in Twin Falls and other Magic Valley communities Monday.

In the Valley the things everyone will understand include:

The wage-price-rent freeze. This will, initially, be in effect for 90 days. Rents, wages and prices cannot go up (with some farm products the exception) in that period. If your salary was to be raised Monday it will just have to wait. If it was raised the day before the President's announcement then it is acceptable.

The elimination of the seven per cent excise tax on new cars. This will mean an average saving of around \$200 per new car.

An immediate 10 per cent surcharge on about one-half of the goods imported into the United States. This should raise the import prices, give American goods a better deal in the market.

The proposal Congress enact a \$6.2 billion tax cut, including a speedup of the income tax cut scheduled to go into effect next January 1.

The proposal to permit business to subtract 10 per cent from their corporate income taxes this year and five per cent in future years to write off the cost of new equipment and machinery.

The proposal to trim the federal bureaucracy by five per cent, postpone the federal pay increases and delay for a year the plans for revenue sharing which could make welfare benefits available.

The television address Sunday evening took the President only 18 minutes to deliver. There was more "meat" in it than in any speech he had ever made.

His proposals were well kept secrets until the speech was made.

In most instances the businessman, the man on the street in Magic Valley, thinks the President is going in the right direction. They believe he has made the right move.

WASHINGTON (NEA)—An unpublicized study on American prisoners in the Korean War should give some hope to the wives, parents and children of those American POWs now held by Hanoi.

The conclusion of the report is most significant:

Americans endure captivity and the conditions that go with it much better than most of us expect.

Researcher Albert D. Biderman says in fact, "I believe that the ordinary American who has experienced

## The POWs And Hardship

oppressive captivity has entered the situation with a general underestimation of his ability to "take it."

The research seems to indicate those authorities are wrong who persistently preach that the luxuries of modern, affluent, mechanized society are making Americans so soft physically and mentally—they are becoming progressively less adapted to enduring hardship.

Following the Korean War, says Biderman, readers of one of America's most prominent

magazines were appalled by an article purporting to describe how readily American prisoners succumbed to minor hardship. Yet, he says, "were these readers, by some miracle of communication, acquainted with the day-by-day details of what each of these men lived through, they would be amazed that so many of them survived at all."

Therefore, Biderman concludes that it does not appear that our loss of physical capacity to cope with adversity has proceeded in any wise

as rapidly . . . (as our) everyday familiarity with harsh hardship.

Furthermore, research on the limits of human tolerance being conducted for the Defense Department suggests that "many currently accepted estimates of the limits of human tolerance for deprivation and environmental extremes are inaccurately conservative." What men have lived through is almost impossible to believe.

As for our training today, says Biderman:

"We daily hurtle in automobiles separated only

from other hurtling in the opposite direction by a few inches of yellow line on the pavement. Whether our risk in probability terms is greater or less than that of the pioneer facing the prospect of Indian raids, in his wagon train is objectively unimportant."

"Consider the Manhattan office workers who packs himself twice each day, including the torrid month of August, into a subway car with 260 other souls (allowing a space of perhaps under two feet square per person) for a 45-minute ride to Bensonhurst or Jackson Heights. I am not at all sure that he is not undergoing inuring, and training as

potentially valuable for many situations of harsh captivity as is the daily experience of the plow hand."

Nowhere in the report are families mentioned—or letters. But the conclusion is that "personal change and involvement in the immediate situation" (adjustment to the present condition) must be balanced with "self-maintenance and continued identification with the outside."

Now the ability to physically and mentally adapt to the situation is the problem of the man and what is inside him.

But the continued identification with the outside and "self-maintenance," which the study considers of equal importance, are in considerable measure a responsibility of our government and the families of the POW's, working in cooperation.

For if each man is to retain his concept of himself as an individual and as a part of the world he is going to live in after a captivity (and he must have this to endure) then his government must do everything possible to see to it that each POW hears from his family and that he knows his country is going all-out for him.

GEORGE C. THOSTESON, M.D.

## Fear Of Shots

Dear Dr. Thosteson: I have three friends who say they have gonorrhea and one says he has syphilis. I am sure they know how dangerous this is, but they are afraid of doctors and shots.

So, are there any pills or capsules that will do the job? — L.R.

I wonder how much this sort of scaredness may have to do with all the venereal diseases these days. Frankly, I can't conceive of anyone being that frightened by a doctor's needle. Certainly not anybody who is big and brave enough to go out and get V.D.

But if this really is a factor in the problem, it's high time these friends of yours began to grow up.

There are no "pills or capsules" that will cure venereal disease. These diseases require penicillin (or other antibiotics) that will knock out the germs thoroughly and the best-way to give an adequate dosage is by injection.

But what's so terrifying about a shot of penicillin?"

Dear Dr. Thosteson: My boyfriend who is 62 has a hard time breathing and gets short of breath very easily. He went to a doctor who said he might have emphysema. Is this serious? Will it turn into cancer? — J.F.

It isn't cancer and won't "turn into it," but it is serious and needs to be kept under control. It's a change in the tissues of the lungs, which makes breathing difficult.

Rather than go into great detail, I suggest that you read my booklet, "How To Control Emphysema," which explains just how the alment acts, and what to do about it. For a copy send 20 cents and a long, self-addressed, stamped envelope to me in care of Times-News.

Dear Dr. Thosteson: Tell the person who questioned the 10-

month pregnancy that I had four sons, all 10½-months, and this confirmed by a checkup at six weeks — plus I knew when I got pregnant.

My mother also had a son two months past the projected due date, and she also had early medical care.

It would be bad enough having a long pregnancy — the waiting forever — without someone questioning one's morality, and after the death of a husband. The whole picture could be the ultimate cruelty. — J.A.

Thank you, and others who wrote from experience that occasionally pregnancies do last 10½ months.

Dear Dr. Thosteson: I have been troubled with herpes caused by a virus. My doctor sent me to a skin specialist who told me he had cured cases by administering 12 smallpox vaccinations, although there was no guarantee in any individual case. I considered this method extreme, and would appreciate a comment. — R.E.

He told you just what I've said. Sometimes such a series does stop herpes (cold sores); sometimes it doesn't. If it works, I wouldn't call it "extreme." If it doesn't, what's been lost except the nuisance of 12 scratches? It may not require that many.

Dear Dr. Thosteson: I read your article on "Canker Sores a Mystery." I learned that eggs were giving me cramps, and also learned that eggs were the cause of cankers. I quit eggs and no more cankers, so I leave them alone. — A.S.

So egg allergy was the cause of your cankers. Good for you, in identifying your allergy. But so many different things cause allergies that every individual case has to be solved separately.

## BERRY'S WORLD

ART BUCHWALD

## Cat On A Hot

(When Art Buchwald lived in France, he had many problems. This column relates to one of them.)

Unaccustomed as I am to using this space for classified advertisements, I wish to announce there is one 2-month-old cat available absolutely free to any cat fancier who will take the cat.

"Tell me, Tiger, just out of curiosity, how did you get the cat?"

"A boy gave it to me. His mother didn't want him to have it."

"I have an idea," I said. "Why don't you just take it downstairs and put it out on the street?"

"No," Antonio said. "If I did that he'd run away."

"I see your point," I agreed. "Well, why don't you call Cora, a mutual friend of Joel's and Antonio's, and tell her if she

want to take the cat?"

"Well, I'm sorry I can't do anything for you, Tiger. You know how ladies are."

The Tiger then asked to speak to my son, and after their conversation Joel angrily told everyone I refused to take Antonio's cat.

I am now known throughout the entire neighborhood as "the cat-killer" and the French neighbors haven't spoken to me since.

doesn't take the cat, your mother will kill it."

"I did," Antonio said, "and Cora's mother said it was all right with her."

"To take the cat?"

"No," Antonio said. "To kill it."

"Well, I'm sorry I can't do anything for you, Tiger. You know how ladies are."

The Tiger then asked to speak to my son, and after their conversation Joel angrily told everyone I refused to take Antonio's cat.

I am now known throughout the entire neighborhood as "the cat-killer" and the French neighbors haven't spoken to me since.

ROBERT ALLEN

## On The Track

WASHINGTON — The rising dialogue between Ralph Nader and Secretary of Commerce Maurice Stans is useful in staking out the terrain on which the battle for the environment will be waged.

The divergence of the two men leaves a large area in the middle. Stans is challenging the purists who say that repairing man's damage cannot be delayed by concern with costs or other priorities.

Nader maintains that Stans does not deserve his public office because he speaks for a narrow business viewpoint.

In fact, the environmental issue is attaining maturity which seems to belie Nader's

fears that President Nixon will turn away from reform as well as Stans' apprehensions that ecological fanatics will kill the golden goose in the process of house-breaking it.

It is true that Mr. Nixon and his environmental specialists talk more than before about balancing what needs to be done against the cost of doing it. They are stressing that the citizen, as a taxpayer or consumer, will pay the eventual costs of purer air and water and that costs will rise as reformers reach for more perfect quality.

But concern with the environment has weathered a recession and appears to be hardening into a commitment on which no President can turn his back. It's impact is reflected by a surprising accumulation of

Congress conveys this uncertainty in its cautious handling of the President's legislative package. None of some 19 proposals to expand environmental controls has so far reached the legislative chambers, a failure due in part to the absence of any organized pressure to work against lobbies defending the status quo.

But recent legislative breakthroughs in New York, Delaware, Vermont, Illinois, and other states promises that politicians are responding to unorganized popular sentiment. The laws are not being passed in a crusading spirit or blocked by narrow interests. They emerge instead from a broad, realistic perception of the problem.

MR. AND MRS. DICK SCHAFFER

## Michele Hodge weds Schaffer

**TWIN FALLS** — Michele Hodge, granddaughter of Mr. and Mrs. Walfred Holgren, Twin Falls, became the bride of Dick Schaffer, son of Mr. and Mrs. Bill Schaffer, Rupert, at afternoon rites Aug. 7 at the Twin Falls First United Methodist Church.

The double-ring ceremony was performed by Rev. Herbert Morris before an altar decorated with yellow and white roses flanked by candelabra.

The bride, given in marriage by her grandfather, wore a gown of lace over satin. The wedding dress featured a full-length veil and Juliet-type sleeves. The collar, cuffs and bottom of the dress were edged with scalloped lace.

Music for the service was provided by Dorothy Gibson. Soloist was Sharon Loux.

Karen Poluck was matron of honor and bridesmaids were Shellie Schaffer and Cathy Schaffer, sisters of the bridegroom, and Karla Harman.

Rick Bolar was best man and ushers were Randy Packum and Bo Isaak and Jim Hodge, brother of the bride.

A reception at the church hall followed the ceremony. The refreshment table was covered with a white chiffon skirted table cloth and featured two silver candelabra holding three candles each.

The three-tiered wedding cake was decorated with peach-colored roses and white doves carrying silver rings and

swans. The cake was topped by a miniature bride and bridegroom. The cake was made and decorated by Mrs. Joyce Davis, Twin Falls.

Serving were Mary Thurston, aunt of the bride, and Kathy Manka, Coleen Harman and Helen Alperspach. They were assisted by women of the Methodist Church.

Jan Harman was in charge of the guest book, Kristy Harman, Cheryle Quesnell and Brenda Alperspach officiated at the gift table.

Out of town guests attended from Montana, Colorado, Utah, Nevada, Rupert, Burley and Sun Valley.

Following a trip to Sun Valley, the couple will live in Pocatello where the bridegroom will continue his education.

Seventy-five cents for each pattern — add 25 cents for each pattern for Air Mail and Special Handling. Send to Marlan Martin, "Times-News," 305 Pattern Dept., 232 West 18th St., New York, N.Y. 10011. Print name, address with zip, size and style number.

Rick Bolar was best man and ushers were Randy Packum and Bo Isaak and Jim Hodge, brother of the bride.

A reception at the church hall followed the ceremony. The refreshment table was covered with a white chiffon skirted table cloth and featured two silver candelabra holding three candles each.

The three-tiered wedding cake was decorated with peach-colored roses and white doves carrying silver rings and

swans. The cake was topped by a miniature bride and bridegroom. The cake was made and decorated by Mrs. Joyce Davis, Twin Falls.

Serving were Mary Thurston, aunt of the bride, and Kathy Manka, Coleen Harman and Helen Alperspach. They were assisted by women of the Methodist Church.

Jan Harman was in charge of the guest book, Kristy Harman, Cheryle Quesnell and Brenda Alperspach officiated at the gift table.

Out of town guests attended from Montana, Colorado, Utah, Nevada, Rupert, Burley and Sun Valley.

Following a trip to Sun Valley, the couple will live in Pocatello where the bridegroom will continue his education.

Junior jiffies, certificates and scholarships from Tempo, Van Engelen's, and Copy Cat Boutique; cotton charmers, Idaho Department Store, and Jensen's Jewelry; bedtime outfit, The Paris, and Sew and Save Fabrics.

Funtime favorites, Helen's Record Shop, Petersen Furniture and The Paris; wearable woolens, Penny-Wise Drug and The Paris; stylish separates, The Paris and Skinner's Sewing Shoppe; trimly tailored; Clos Book Store.

Evening elegance; Juan's stylist; knitting, Penney's, Rangene's, The Paris, Clos Book Store, Gem State Trophies and The Yarn Shop; style revue, KTFI-Radio; snacks and more.

**DEAR ABBY:** The other night some friends of ours and my husband were at a party. Everyone had a few drinks, and I had enough to make me woozy so I went into the bedroom and stretched out on the bed. I was lying there with a cold wash rag over my face and my eyes closed when someone came into the bedroom and kissed me. I was afraid to open my eyes to see who it was, but I am sure it wasn't my husband.

I am afraid to ask any of the men who were at the party for fear of asking the wrong one. What must I do?

SURPRISED

**DEAR SURPRISED:** Forget it. Maybe it was one of the girls.

**DEAR ABBY:** I have just discovered a very important fact I hope you will print to save many people from unhappiness.

Marriage is not for everyone. I think this is mainly true of men, but it applies to some women, too. I was married for several years to one of the prettiest and neatest women on earth, but this didn't keep me from being attracted to other women. We are now divorced for that reason and now I realize I never should have been married in the first place. Some people are simply incapable of being faithful.

No conceit intended, but I am a very desirable man, and it is impossible for me to be around an attractive woman without flirting with her. Now that I am a bachelor I can do as I please without worrying about hurting anyone as I will limit my attentions to unmarried women. BORN SWINGER

**DEAR SWINGER:** Boys flirt. Men prefer a deeper, more mature relationship. No one is incapable of being faithful, but many are unwilling.

**DEAR ABBY:** My fiance and I have been engaged for four years (he was in Viet Nam) and we are getting married in November. The problem is my mother died five months ago and my father says he will give me away, but he doesn't want us to have anything except a ceremony in the Methodist church because he just couldn't face people without mom. My aunt who has been like a mother to me says I should have a reception afterward regardless of what dad says, and I really would like to, but I hate to go against dad's wishes. I've got to consider my fiance's family, too. They deserve something more than a twenty-minute ceremony.

I've saved my own money for this wedding, Abby, so it's not costing daddy a penny. Please help me decide.

BLUE BRIDE

**DEAR BRIDE:** If your father doesn't want to greet people after the ceremony, he doesn't have to, but he shouldn't deprive you and your fiance of a reception following the ceremony.

**DEAR ABBY:** For that lady who wanted to know how to discourage door-to-door religious salesmen who ring your doorbell and expect to be invited in to sell their brand of religion.

Here is how I solved that problem: I tell them I am a nudist, and if they will come in and take their clothes off and listen to my story, I will then listen to theirs. So far, no takers.

L. FRY

**TWIN FALLS** — Kate B. Carter, Salt Lake Central Company, will be in Twin Falls Friday as the main speaker of the annual four-county convention of the Daughters of the Utah Pioneers. Registration will begin at 9:30 a.m. at the Twin Falls Stake house on Maurice Street. Luncheon will be served, with the Twin Falls Stake company in charge. Those attending should be prepared to buy supplies for next year.

**DEAR ABBY:** For that lady who wanted to know how to discourage door-to-door religious salesmen who ring your doorbell and expect to be invited in to sell their brand of religion.

Here is how I solved that problem: I tell them I am a nudist, and if they will come in and take their clothes off and listen to my story, I will then listen to theirs. So far, no takers.

## Lindsay suspends talks

**NEW YORK (UPI)** — Mayor John V. Lindsay suspended wage negotiations with all municipal unions Monday and froze the pay of all employees of the nation's largest city in compliance with President Nixon's economic program.

The mayor's directive halted negotiations with the police, firemen's, and garbage-men's unions which have been in progress since late last year. All three unions' contracts expired Dec. 31.

In a statement, Lindsay indicated that his order to Budget Director Edward K. Hamilton and Labor Relations Director Herbert L. Haber was a stopgap measure pending further instructions from the White House.

The mayor also ordered Rent Commissioner Benjamin Allman to suspend all rent increases.

Lindsay instructed all administrators and agency heads to review and list all matter under the city's jurisdiction which might be affected by the President's program.

### Date set

**DIETRICH** — School will open here Aug. 21, with a full day's classes, Supt. Wayne Perron said.

Students will register on that day also.

There are two new teachers for the system, Ralph Holley, north Shoshone, social studies, and Turdy Adair, Monticello, Utah, English.

## Richfield opens school Aug. 30

**RICHFIELD** — Richfield school superintendent, Nell Anderson, announces school will open at 8:45 a.m. Aug. 30.

Bus routes will remain the same with no earlier pick-ups for the new opening time which is fifteen minutes earlier than last year.

Grade school students will have no fees unless school insurance is purchased. The cost is \$2.

High school students will pay \$4.00 for a student activity card; \$4 annual fee; \$1 pickup for

towel fee of \$1 for athletics, and state tax of 29 cents. Insurance is optional except for those taking athletics. Cost runs from \$8 to \$19, depending on the rate of coverage, for students taking athletics, and \$2.00 for other students. The school insurance is with Continental Life.

Lunches will be served starting Aug. 30 with costs to remain the same, 25 cents for students and 35 cents for adults.

School holidays will start with Labor Day, Sept. 6; teachers' institute, Oct. 7-8; Thanksgiving, Nov. 24 at 2 p.m. to Nov. 29; Christmas, Dec. 23

### Funds given

**WASHINGTON (UPI)** — Idaho Democrat Sen. Frank Church said Monday three Idaho Indian tribes would receive a total of \$36,000 in funds for community health representative programs.

Church said the federal Department of Health, Education and Welfare has assigned \$18,000 grants to the Nez Perce, Coeur d'Alene and Shoshone-Bannock tribes for the programs.

## Haylage field day held in TF

**TWIN FALLS** — A haylage field day at the Louis and Jerry Reinker ranch, northwest of Twin Falls, Saturday was well attended.

Much interest was shown in the large self-propelled chopper used in chopping the haylage. A new type side dump wagon also was demonstrated, according to Robert Bayless, sales manager of Rocky Mountain Harvestore, Inc., Twin Falls.

Many farmers expressed interest in the seedling plots of grain which were sown this spring with no nurse crop and the high quality as well as quantity of forage being harvested from the seedling this year.

Farmers and ranchers from throughout Magic Valley attended, including Oakley, Burley, Rupert, Carey, Fairfield, Gooding, Jerome, Wendell, Hagerman and Shoshone.

Dealers sponsoring the event included Rocky Mountain Harvestore, Rudy Patrick Seed Co. and Leslie Davis and Son Implement, all Twin Falls, and Bucki Livestock Equipment Co., Buhi.

**TWIN FALLS** — A haylage field day at the Louis and Jerry Reinker ranch, northwest of Twin Falls, Saturday was well attended.

"I have to hurry because my tank is double parked outside," he said.

### Water still higher than normal

**IDAHOT FALLS** — Most storage facilities on the Snake River continue to have above normal water although irrigation demands have been high during the hot summer weather, Arthur L. Larson, Snake River Watermaster said today.

Jackson Lake, has 750,200 acre feet of water and Palisades contains 1,174,300 acre feet. American Falls Reservoir has 1,469,000 acre feet of water. Lake Walcott reports 95,430 acre feet.

Discharge at Minidoka North Side Canal is 1,600 second feet and other discharge readings show Minidoka South Side Canal, 1,420; Snake River at Minidoka, 9,720 second feet; and Gooding project 1,600 acre feet.

## Veteran actor, 76, dies

**TANGIERS, Morocco (UPI)** — Paul Lukas, veteran stage and screen actor, died of a heart attack Monday in a hospital here, a spokesman for the American consulate said. He was 76.

U.S. officials said Lukas had been under treatment for two months at the Italian hospital in Tangiers after his arrival here last April. They said Lukas had planned to settle in Morocco, a favorite vacation spot of the Hungarian-born actor.

The consulate said Lukas had expressed a desire to be buried in Spain, and that his family in the United States was being notified.

Born in Budapest in 1895, Lukas was wounded in World War I. In 1918 Lukas made his debut at the Budapest comedy theatre. His first film, "Samson and Delilah," was made in Vienna in 1921.

Lukas migrated to Hollywood in 1927 and appeared in films there for nearly ten years. He first played on the Broadway stage in New York as Dr. Rank in Henrik Ibsen's "A Doll's House." A 1941 play, "Watch on the Rhine," was made into a film in which Lukas starred, winning him a 1943 motion picture award.

Among his most notable Broadway roles was Cosmo Constantine in the 1950 production of the Imperial Theatre of "Call Me Madam".

**Wayne accepts medal**

**DALLAS (UPI)** — John Wayne accepted the Veterans of Foreign Wars National Americanism Gold Medal award Monday, saying U.S. fighting men have made the nation what it should be — "God's guest house on earth."

The actor appeared before the 7,000 delegates at their 72nd national convention wearing a navy blue suit, cranberry colored tie and brown bush puppies with white lace.

"I have found that a peace loving man fights best if he has something to fight for," Wayne said. "The VFW represents many who died to give this country a second chance to make it what it is supposed to be — God's guest house on earth."

Wayne, appearing with his young son Ethan, received the veteran's citation, then told the crowd he had to leave.

"I have to hurry because my tank is double parked outside," he said.

### Pageant set Friday

**at Alturas**

**SHOSHONE** — A pageant entitled "Voice From the Dust" will be presented at the Alturas Lake Area at dark Friday.

Ronald Jenkins, Gooding, who announces the pageant, and the public is invited to this "repeat" performance from a year ago. This is a special program based on the story of the Book of Mormon, one of the accepted standard works of scripture of the LDS church. It is sponsored by Seventies Quorums of various LDS Church stakes in this area.

## Almanac

By United Press International

Today is Tuesday, Aug. 17, the 229th day of 1971.

The moon is between its last quarter and new phase.

The morning stars are Venus and Saturn.

The evening stars are Mercury, Mars and Jupiter.

Those born on this day are under the sign of Leo.

American frontiersman Davy Crockett was born Aug. 17, 1706.

On this day in history:

In 1915 a hurricane struck Galveston, Tex., killing 275 persons.

In 1933 first baseman Lou Gehrig of the New York Yankees set a major league record by playing in his 3,000th consecutive game.

In 1965 the curfew was lifted in the Watts section of Los Angeles after 34 persons had been killed in six days of violence.

## Officials denied expression

**BOISE (UPI)** — Three legislators from Southeastern Idaho charged today that congressmen conducting Bear Lake pollution hearings recently at Garden City, Utah, denied those attending them a voice.

Sen. Reed Budge, R-Soda Springs, and Reps. Angus Condle, R-Presto, and Lloyd Dunn, R-Georgetown, said the only testimony given at the hearing was by "so-called experts giving their ideas on what should be done."

They said a packed crowd of local residents, homeowners and taxpayers attended the meeting but not one was given the chance to express his view or position on the pollution problem.

"This always brings a question," he said. "Just who do the elected officials listen to?"

"Perhaps the time of the congressmen was limited but those people in attendance and not asked for an expression were homeowners, business owners and local people who will be most affected by any action which will be taken."

"They should have been given equal time to express their ideas as well as the experts who testified," the Idahans said.

About three-quarters of the earth's surface is covered with salt water.

### LEGAL NOTICE

**NOTICE TO BIDDERS**  
The State Purchasing Agent will receive sealed bids at his office, Room 205 Statehouse, Boise, Idaho, from 8:00 a.m. until 4:00 p.m. on August 25, 1971 for the following: Requisition No: 799 for poly logs for the Idaho State Penitentiary at Boise, Idaho. # Market Review

**NEW YORK (UPI)** — Auto stocks headed the parade of winners Tuesday as the stock market continued to feed on momentum carried over from Monday's record performance.

General Motors, which did not trade Monday because of an influx of trading orders, rocketed more than 8 points when it opened around noon Tuesday on a block of 183,800 shares. As trading rounded the halfway mark, GM's stock was up 10 points on 337,200 shares, making it the day's second most active stock.

American Motors, which headed the active list, jumped 2 points on more than 500,000 shares. This issue also didn't trade Monday, and near 1 p.m. Tuesday trading was halted in the stock because of an influx of orders.

Chrysler and Ford were third and fourth, respectively, on the active list. Chrysler, which slumped 4% Monday, added another 1%. Ford jumped 6%.

President Nixon, in his weekend address, announced a wage-price freeze to combat inflation, and called for repeal of the 7 per cent excise tax on new automobiles and a surcharge on most imports. The double-barreled action is expected to give a shot in the arm to car sales of U.S. manufacturers.

In addition, GM announced Monday it was rescaling its proposed price increase in line with Nixon's new policy. Ford indicated it would do the same.

Near 1:15 p.m., the Dow Jones industrial average was ahead nearly 9 points at 897.63 following the 32.03 point surge

in the previous session.

Advances led declines by around 300 issues, 838 to 637.

# Wall Street OK's Nixon's policy

NEW YORK (UPI)—Wall Street gave President Nixon's new economic policy a thumping vote of confidence Monday. Prices skyrocketed. Volume soared. Records tumbled: Messengers and traders who are accustomed to brisk paces were breathless from sprinting. "It's beautiful," said one Wall Street expert. "Sit back and enjoy it," advised another.

These were some of the facts after Monday's trading closed:

—Volume on the New York Stock Exchange jumped to 31,730,000 shares, easily eclipsing the previous high of 28.2 million shares trading last Feb. 9.

The Dow Jones Industrial averages, reflecting movement of top-grade issues on the NYSE, rose 32.03 points, closing at 888.85. The previous record one-day gain was 32.04, on May 27, 1970.

The number of advancing issues—1,503—was a new high. Only 107 issues dropped. Eighty-four were unchanged.

—Many issues gained \$5 a share or more. International Business Machines, one of the glamour crowd, went up \$19.

—The American Stock Exchange had a turnover of 8,020,000 shares, up from 2,250,000 shares traded Friday. The Amex Index climbed 0.54 to 25.13, the largest climb since May 27, 1970.

Trading was so frenetic Monday that General Motors and Ford didn't even open because orders were piled so high. Chrysler, which opened late, went up \$4.38.

Some other large gainers included Corning Glass \$16.50, Burroughs \$12.13, Texas Instruments \$11; Du-Pont \$5.19; Polaroid and Memorex \$5.30 each. Gains of between \$3 and \$4 a share went to General Electric, Sperry Rand, UAL Inc., U.S. Steel, Standard Oil of New Jersey and Eastman Kodak.

One analyst observed that President Nixon, in announcing his new economic approach instruments, reflecting movement of top-grade issues on the NYSE, rose 32.03 points, closing at 888.85. The previous record one-day gain was 32.04, on May 27, 1970.

The suggestion was that U.S. firms, once they had caught their economic and financial breath, would retaliate in kind.

## Strikers picket plant

CALDWELL (UPI)—Strikers of the American Federation of Grain Millers Union Local 291 picketed the J.R. Simplot potato processing plant Monday following their rejection of a new contract proposal by Simplot.

The 1,400 union members officially went on strike at 10:30 p.m. Sunday after voting earlier in the day for the move.

The strike was called in view of the union's rejection of the new contract proposal offered by Simplot and because of con-

Adopted less than two months before, the U.S. flag was flying for the first time in battle over Ft. Stanwix: present site of Rome, N.Y., in 1777.

tinuing lengthy negotiations between labor and management over a new contract.

The plant, however, opened on schedule Monday for the 1971-72 season-at noon, according to a Simplot spokesman, even though non-union employees and supervisory personnel had to man the lines.

Harwood said plant management was waiting for more specific and interpretive rules and guidelines in view of President Nixon's announcement of the 90-day freeze on wages, prices and rents.

He said officials did not know how the executive move would apply to local labor relations situations.

Harwood said, "We feel the union also will need time to in-

### Dividend

BOISE (UPI)—The Ahlertson's Inc. board of directors declared a regular quarterly cash dividend of nine cents per share Monday.

J. L. Scott, president of the food market chain, said the dividend will be paid to shareholders of record on Oct. 11 and will be disbursed on Oct. 29 of this year.

Skouras went from running a group of nickelodeons in St. Louis before World War I to a \$250,000-a-year job as president of 20th Century.

In 1952, Skouras acquired an option to use the new process of Cinemascope and produced the first picture in the new medium, "The Robe." Cinemascope gives a three-dimensional impression without the use of special glasses.

### Resigns

PRESIDENT NIXON accepted "special regret" for the resignation of John Eisenhower, shown in 1969 file photo, son of former President Dwight D. Eisenhower, as U.S. ambassador to Belgium. Nixon's press secretary, Ronald L. Ziegler, said Eisenhower was leaving his post in Brussels, which he assumed in 1969, for "personal reasons." (UPI)

### Movie maker dies

RYE, N.Y. (UPI)—Spyros P. Skouras, former president and board chairman of 20th Century-Fox and a pioneer in the field of Cinemascope, died Monday night of a heart attack. He was 78.

At the time of his death, Skouras was chairman of the Prudential-Grace Shipping Line, having retired from 20th Century in 1969.

Skouras went from running a group of nickelodeons in St. Louis before World War I to a \$250,000-a-year job as president of 20th Century.

In 1952, Skouras acquired an option to use the new process of Cinemascope and produced the first picture in the new medium, "The Robe." Cinemascope gives a three-dimensional impression without the use of special glasses.

## Typhoon Rose creates path of destruction

HONG KONG (UPI)—Typhoon Rose lashed Hong Kong with 115-mile-an-hour winds today, sweeping a path of death and destruction—in which a passenger ferry capsized and 26 other ocean-going ships were dashed against rocky shores.

It was the worst storm to hit the British colony of four million persons in nearly 10 years.

At least 16 persons were killed, 16 others were missing and more than 300 other persons were injured, including

six U.S. Navy crewmen aboard a 7th Fleet ship, the supply ship Regulus, which was torn from its moorings and tossed aground. It was damaged severely.

Reports conflicted on the number of persons aboard the 2,600-ton ferry Fatahan, which plies between Hong Kong and the Portuguese colony of Macao 45 miles away. It has a passenger capacity of 1,154.

A government spokesman said 70 to 80 crew members were believed aboard the craft when it capsized and that most were believed missing or dead. Stanley Ho, managing director of the Sun Tak Shipping Co. which owns the vessel, said it was believed 66 crewmen were aboard the ferry and that most of them were safe on an island near the ship which he said capsized in 30 feet of water.

Ho and the government spokesmen said there were no passengers aboard the ferry.

Ho said four Britons were among the crew members, including Capt. I.L. Price, 69, who was reported to have been thrown overboard and was among the missing.

Ho and the government spokesmen said there were no passengers aboard the ferry.

If you've ever been to a garage sale, you know it's one of the best

places ever invented for getting a bargain.

If you've never been to a garage sale, now's the time!

Your Chevy dealer is having one to clear out his stock of '71s and make room for the '72 models.

Which means you can pick the Chevy you want, including Impala, Chevelle, Camaro, Monte Carlo, Nova and Vega—at a price that's just right.

All this under one roof. The one at your Chevy dealer's. Drop in now during his Garage Sale.

You're back on Chevrolet Savings Time.

And buckle both seat and shoulder belts.

That's an idea you can live with.

# Burley prohibits aluminum wiring

By GEORGIA LAYTON  
Times-News Writer

BURLEY — An ordinance prohibiting use of aluminum wiring in houses in Burley was passed by the Burley City Council Monday night.

Action on the matter was prompted by recent investigation by City Electrician John Christensen, who found a pre-built home completely wired with aluminum wiring, which constitutes a fire hazard.

The house in question, moved to 17th and Elba Avenue, also

failed to pass inspection of City Building Inspector Ottis Williams due to plumbing.

Aug. 22 was set as the final day for the municipal swimming pool to remain open for the season. This action came on request of Jack Keen, city recreation director. He said employees at the pool would soon be returning to school.

Keen also told the council swimming lessons and training had been given to about 1,000 people during the summer season.

Chief of Police Ken Barry reviewed with the council the various license fees and suggested that a pawn shop

ordinance be drawn up. This would assist police in locating stolen merchandise. The matter will be studied by the council.

Approval was given for police officers to work overtime at the fairgrounds, if needed.

In other business the Council:

Set the next regular meeting on Tuesday, Sept. 7, 2, to Labor Day.

Approved building permits and renewed licenses for gas contractors, journeymen gas fitters, master plumbers and journeymen's plumbers.

Heard a report from Mayor Garls Robertson on a meeting he attended in Boise pertaining to collective bargaining.

## Stop bickering, councilmen told

By PEGGY CHU  
Times-News Writer

GOODING — Mayor Harley Crippen has ordered Gooding City Councilmen to confine city problems and business to council meetings and to "stay within their own departments."

The action came at a meeting Monday night where verbal disagreement cropped up between Councilman Don Simis and Airport Manager James Wilkins.

Wilkins, who met with the council, charged that Simis told him the city was looking for a new airport manager and he called this "back-alley politics." Wilkins said he had done as good a job as was possible with present facilities at the airport.

Simis denied he had made this statement and other charges by Wilkins to the effect that he had told citizens that the airport was available for a new manager.

Wilkins asked that the future grievances against him be brought to him and he would be happy to try to explain his work to the satisfaction of the council.

The 1970 audit was ready by Bill Oakley, public accountant.

Oakley said the city had stayed within its mill levy for the year.

Mayor Crippen said the city election will be Nov. 2 and terms of Valdo Gray and Gene Kelley — expire this year.

Petitions for nomination must be filed not more than 40 or less than 25 days before the election.

BURLEY — Preliminary plans for a 2,100 square foot addition to the Burley High School shop building were approved by the Joint School District Number 151 School Board Monday night.

Kile Bigelow, Salt Lake City architect, met with the board to discuss the plans and said he would have the final blueprints back to Burley within a week so work could start soon on the project.

The construction would cost about \$16 a square foot, or a total of \$40,000 he said.

Board members said today the added space is badly needed at this time and hopes are to have the work completed within 60 days after it is started.

Trustee Charles Ward, Malta, and Office Manager Matt Warr were instructed to break down the budget expenditures to show exactly what each school in the district spends.

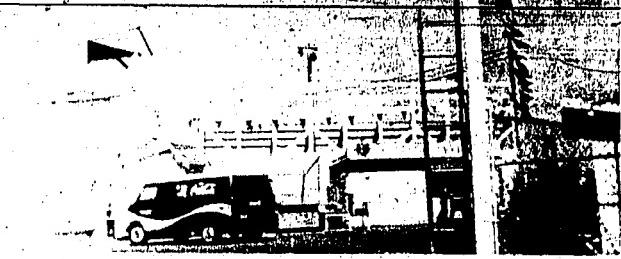

Warr said the use of the computer in assisting with work of the school and aid-wages have been computerized for the

past several months, but the month of July is the first time the bills have been put through the machine. By doing so, the work of the manager will be assisted and more information may be available to the board members.

The board authorized Ward and Kirby Wilson, transportation superintendent, to make a thorough study of the southern part of the county. This is the area of Almo-Naf, Stanrod and Bridge section, where pupils are picked up over a scattered radius with many of them having to wait long periods of time for the bus. The possibility of paying parents some mileage or a monthly fee to transport their children to given points for pickup by the bus will be considered.

J.W. Mathews conducted the meeting in the absence of W.B. Whitley, chairman.

Bills were allowed and several teachers hired upon recommendation of Superintendent Harold Blauer.

## Getting ready

CASSIA COUNTY Fairground at Burley was a busy place today as people of all ages prepared for opening day Wednesday. Glenn Caudle, top, puts up flag at the entry gate. Mrs. Roy Hondo, Mrs. Ida Kuwana and Mrs. Jim Ferlic enter 4-H projects and bottom, unidentified participants are decorating booths. Many church and civic groups operate booths.

## Appointed

JOHN HANZEL, Burley, has been appointed to the Idaho Law Enforcement Advisory Commission by Gov. Cecil D. Andrus. Hanzel, 34, is affiliated with the Hanzel Motor Co., Burley. He was born of Wendell and educated in the Burley schools. After attending New Mexico Military Institute and the University of Idaho, Mr. and Mrs. Hanzel are the parents of two sons.

## Burglary Ada Jr. posse rides at fair

By CHARLOTTE BELL  
Times-News Writer

JEROME — The Ada County Sheriff's Junior Posse Black

Light Drill Team will perform at the Jerome County rodeo Aug. 25 and 26, the first performance for this group in the Magic Valley area.

The club originated 12 years ago for young riders age 10-18. However, for the past two years, Archie Turner, club adviser, has been working on "something different" in posse drills. He spent one year discussing the possibility of a riding club performing under black lights with various authorities, but most felt it

would be impossible.

He did not give up, however, and through research and experimentation was finally able to develop his ideas into a workable plan. He then drew up blueprints for the light set up.

The black lights are ultraviolet type that make certain fabrics and materials glow in the dark. After much searching, he was able to find a solution to apply to the headstalls, breast collars and tie downs of the horses to make them glow also.

At the Jerome night rodeo the lights will be turned off and the drill will be performed at a slow canter.

"This type of drill is a real challenge for these youngsters," Turner said, "because it is very difficult to train the horses to work under the eerie black lights. The riders have difficulty judging distance at first, and any mistake they make can be readily noticed, much more than in a drill team with normal lighting."

"The club has spent a great deal of time and money to prepare for the shows. The black lights were purchased at a cost of \$2,600 and consist of five transformers and 10 lights. The glow solution is purchased back east at a cost of \$18 per pint. The riders must own their own horses and saddles plus purchase their own shirt."

The posse furnishes the remainder of the costume.

GOODING — At a special meeting of the Gooding School Board Monday night, approval was given to change blueprints of the new high school building to meet requirements of size of the water meter.

A six-inch meter at the property line must be installed according to city ordinance. Original blueprints of the building called only for a four-inch meter to be installed behind the fire system in the school building. The trustees then went to the city council meeting where they secured permission for the contractor to provide and install the meter.

Ed Petersen, Twin Falls, architect, met with the board on the matter.

Miss Allred is the daughter of Mr. and Mrs. Jack Allred, Murtaugh, and attended Idaho State University for two years where she was commander of the Scottish Guard, was Miss ISU of 1970 and worked on the library staff.

# Aerial survey to aid effective water use

**Testing  
needle**

DR. ROBERT HOLMES, right, explains the intricate equipment located in a needlecase used for measuring atmospheric conditions to James Wright. Dr. Holmes and Wright are working as part of a cooperative effort between the United States and Canadian governments.

## Country music show Wednesday Over 150 at Pace reunion

BURLEY — A few tickets are still available for the Country Western Jamboree at 8 p.m. Wednesday at Cassia County Fairgrounds. The jamboree is sponsored by the Burley Exchange Club.

**BUCK OWENS**

Buck Owens will be the featured entertainer. He will be joined on the stage by Susan Raye, Buddy Alan, Don Rich and the Buckaroos, and the Buckfield Brass.

The one-night stand is the first attraction of evening events at the Cassia County Fair and Rodeo.

Owens for five straight years has been voted "America's top country music artist." The Buckaroos have earned the top country band title for four years.

In 1968 he performed by special invitation for President Johnson at the White House. Last year he was named "Country Music Ambassador to the State of Texas" and "Ambassador of Good Will to the State of California" by Gov. Ronald Reagan.

Miss Raye was 17 before she paid much attention to the twangy guitars and the happy-mourful sounds and songs of country music.

In 1965 while working in a Portland, Ore., club, Susan was discovered by Jack McCaffrey, Owens' manager. Later that same year she joined Owens on a tour of Washington and Oregon.

The jamboree will be a highlight of the Cassia County Fair, which opens Wednesday and continues through Saturday.

SPRINGDALE — The annual reunion of the family of the late Mr. and Mrs. Presley D. Pace drew over 150 persons Sunday.

The event was held at the country club on the banks of Snake River.

Cassia County Sheriff Ray Mitchell and Mrs. Mitchell were in charge of the event this year. Mrs. Mitchell is the former Mildred Pace.

Settling in Springdale in 1907, Presley D. Pace cleared sagebrush and waited for canals to be built to irrigate. He and his brother, Frank Pace, came here from Mexico. He served as Cassia County sheriff from 1924 to 1940.

George Pace was master of ceremonies Sunday. Children present played games and races.

Guests attended from California, Nevada, Arizona, Oregon, Utah, Pocatello and the Magic Valley area.

BOISE (UPI) — Son, Len Jordan, R-Idaho, has welcomed President Nixon's new economic measures as the abandonment of the "hands off" game plan of his advisors in favor of an activist role.

Jordan said the President's action "will come as welcome news to consumers... who are caught in the never ending cost-price escalation that had every indication of getting out of hand."

At the same time, Jordan echoed President Nixon's plea for public support in effecting the 90-day freeze on wages, prices and rents.

Jordan said the public should "insist" that the freeze be honored and pledged his support in the action to making the new measures work.

By MIKE ROBERTSON  
Times-News Writer  
TWIN FALLS — A detailed study of atmospheric conditions over irrigation projects in the Magic Valley area is being made in hopes of finding ways of increasing efficiency of irrigation water use.

The Canadian and United States governments have teamed in the cooperative research into the relationship between air masses over irrigation projects and desert areas surrounding the irrigated land such as an irrigation project, rolling hills, or a city.

The distribution of temperature, humidity and wind speed in from the edge of the irrigated area, out from the edge, vertically and horizontally will be measured and determined from both the ground and from an airplane.

Dr. Robert Holmes of the Canadian Department of Environment and his associate, Max Medenball, have been working with James Wright, of the United States Department of Agriculture, Snake River Conservation Research Center, Kimberly, on the project.

Dr. Holmes said that from the measurements, the amount of energy that goes to heating air and evaporating water can be calculated. He said from this information "we hope to develop a mathematical

description that will permit us through its needle nose laden with sensing devices. The requirements as a function of the sensors' send the information back through the computers in the plane. Medenball then converts the information to mathematical statistics of temperature, wind velocity, large terrain features in the solar and reflected radiation comparisons.

In explaining why the air mass is measured, Dr. Holmes said that the climate over a project is not unique from itself but determined by all the area surrounding it. He said the air is a result of everything upstream, and passes over hundreds of kinds of surfaces, heating and cooling depending on the surface.

The airplane skims along the ground between 100 and 150 miles per hour collecting data in explaining why the air mass is measured, Dr. Holmes said that the climate over a project is not unique from itself but determined by all the area surrounding it. He said the air is a result of everything upstream, and passes over hundreds of kinds of surfaces, heating and cooling depending on the surface.

He added, "air is like water in a stream, with eddies, currents, and rapids." Each surface provides a different reaction in air movement.

Dr. Holmes said the layer of air that the researchers are most concerned with is that

closest to the ground. He said that as the air masses move low over the ground they must come to an equilibrium or new balance. If the air mass is hot and the ground is cool because of water, the temperatures of both tend to move together. The higher up, the less response there is to land typography and temperatures by the air masses.

When the study is complete, the men will be able to tell engineers how many inches of water an irrigation project will take.

Wright said that the results will be projected into different water plans like the northwest water plan.

He added that if they know how much water is needed in an area ahead of time, farmers will know how much land can be irrigated with available water supplies.

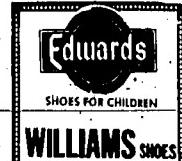

The measurements will be taken from the surface up to 50

feet high by equipment on the ground. From 50 feet up to 500 feet the measurements will be taken from the airplane.

The men said the survey will insure the best use of available water.

The program was initiated last year and is being coordinated with the Federal Aviation Administration.

The first part of the project was done Aug. 11-13. Dr. Holmes said he and his associate will return in about three weeks when the atmospheric conditions have changed to autumn weather.

## Chamber reviews projects

BURLEY — A proposed program of work or projects was outlined for the Burley Chamber of Commerce at Bryan's Cafe Monday.

Grant Fillmore, president, recently appointed George Forschler, who is second vice-president, as chairman of program of work for the chamber.

During a committee meeting this past week, Forschler reported proposed programs of work were suggested including continue supporting regional airport; water development for irrigation; select a chamber member and write story of his business and life; work on a slogan using "Shop at Home"; free parking space in front of the chamber office for visitors; seek farmers as chamber members; continue the Farmer's Night; better programs; special speakers; prepare an organizational chart along with a committee chart showing chamber control and operation and always keep in mind "make Burley a success and help the chamber continue to grow."

All projects or programs of work take finances. "The word dues is a bad word and should be referred to as an investment," stated Forschler.

K9  
AK1096  
QW

WEST 10652  
1072  
2  
A9743

East decided this was unlikely. He knew that South was almost sure to hold the spade ace. Without that card, he would have responded with a maximum of one queen and two jacks and South was not that sore of bidder.

After this preliminary thought, East decided to play for a one-trick set with two clubs, two hearts and one diamond. This left a problem. How could he get his partner to return a heart when he got in with the ace of clubs?

East played back the nine of spades! Then, when he got in with the diamond queen and played the club to his partner's ace, West knew the suit to lead back.

BEST VULNERABLE  
West North East South  
Pass 3 N.T. Pass Pass  
Opening lead - A 4

By Oswald & James Jacoby

Here is a beautiful defensive play taken from Jeremy Flint's "Tiger Bridge." Since he doesn't tell us who the tiger was, we will assume that Jeremy himself was the hero.

East held the first trick with his king of clubs and looked over dummy. It was apparent that West held the club ace. If he also held the jack and nine, a club return would take care of South's chances immediately. East also saw that clubs would keep, since East's queen of diamonds was a sure entry.

Suppose West held the ace of spades and ace-nine-eight of clubs. Then a club return should be made immediately.

Answer Tomorrow

## OUT OUR WAY

The bidding has been:

West North East South  
Pass 3 N.T. Pass Pass

Opening lead - A 4

BEST VULNERABLE  
West North East South  
Pass 3 N.T. Pass Pass  
Opening lead - A 4

## FAMILY CIRCUS

## GASOLINE ALLEY

## PASS IT ON

by L.M. Boyd

SO YOU'VE BEEN under the impression the population of this country is getting younger, have you? Likewise, that's wrong. Average American 165 years ago was 16 years old. He was 19 about 100 years ago. He was 23 just 70 years ago. He's 27 now. Or thereabouts. Population is getting older, that's clear.

THE SURVEY-TAKERS say Supreme Court Justices have the highest job prestige. Then doctors. Then nuclear physicists. U.S. Senators and the President aren't listed in the top 10... IT IS NOW KNOWN 82 per cent of today's marriage proposals in this country occur in cars, 7 per cent in homes, 5 per cent in restaurants, 2 per cent in motels and 4 per cent in other.

GOETHE SAID, "Girls we love for what they are; young men for what they promise to be." That makes sense. You frequently hear a boy referred to as "a promising young fellow." But rarely will you hear a girl described as "a promising young lady." Our Love and War man says this is why marriage is a bigger gamble to a bride than to a groom. He bets on the moment, she on the future.

A FEMININE CUSTOMER claims she was born with freckles. Extraordinary, if true. A newborn infant with freckles is as rare as a male canary cat, I'm told. Medical experts say a few babies may start to freckle at about 18 months, but most don't until they're 3 maybe 4 years old. If you can name an exception, please advise.

CUSTOMER SERVICE Q "How many beauty preparations are on the market today?" A. Can only tell you the beauty preparations are said to outnumber the beauties by three to one... Q. "Louie, you use statistics like a drunk uses lamp posts, for support rather than for illumination." A. That's unkind... Q. "Wasn't it Kin Hubbard who said, 'Her face was her chaperone?'" A. No, Rupert Hughes said that. Kin Hubbard said, "Now and then an innocent man is sent to the legislature."

CLIENT WANTS the recipe for those old Depression plants. Remember them? Made of coal, salt, whatnot. All right: Arrange coal chunks in a glass dish. Cover them with a cup of water, a half cup of salt and a tablespoon of bluing. It will activate after a few days. Keep it damp. Color it with iodine, ink, cake colors or water paints. Be sure to put the pretty little mess in glass, though. The chemicals can eat through some dishes and gum up everything.

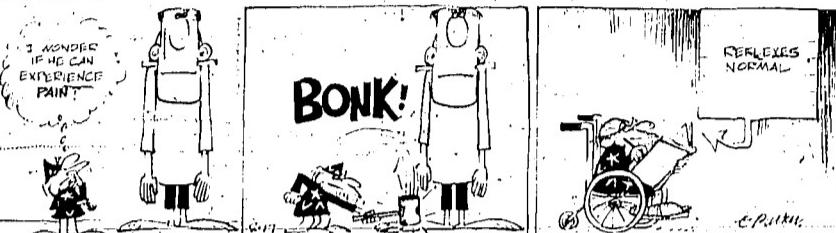

IF YOU'RE 43 years old, you were born the same year the world's first pay telephone was set up. If you're 38, you were born the same year the world's first jukebox was installed... ONE OUT OF every 12 women will lose a batch of cash this year. One out of every 20 men will do likewise. Or so the statisticians predict. Why is it more women than men lose money? Baffling.

Your questions and comments are welcomed and will be used-in-PASS IT ON wherever possible. Please address your letters to L.M. Boyd, P.O. Box 17076, Fort Worth, Texas 76102.

# Effect of strike worries growers

Grain growers in northern Idaho are concerned about the after-effects of the present Pacific Coast dock strike which has tied up shipping for more than six weeks.

Harold West, administrator of the Idaho Wheat Commission, says the effect of the strike will be felt into the future.

West said, "The price of our wheat is already going down as we lost export sales to foreign competitors."

He said surpluses are building at the same time and the problems of price and storage

will be created for next year. "It will be a long time before we can return to the smoothly functioning marketing pattern that has been created through great effort and expense," West said.

West pointed out these losses are not recoverable because the orders for Japan and the Far East have been filled by Australia and Canada.

He said other large wheat sales are in jeopardy if the strike continues.

West said in addition to immediate losses, the strike hurts U.S. wheat farmers' long-term reputation as a reliable source of supply.

## Market thrown into confusion

**NEW YORK (UPI)**—Commodity markets were thrown into confusion today by President Nixon's price and wage freeze order.

Generally, trading in the unregulated world commodities was delayed while dealings

### Livestock

**JOLIET, Ill. (UPI)**—Livestock: Cattle 2,700. Steers, heifers steady to 25 higher. Slaughter heifers mostly steady; cows and bulls steady. Slaughter steers top 300 lbs prime 38.75-37.75; choice 37.75-36.50; good 36.50-35.25; choice 35.25-34.25; good 34.25-33.50; slaughter heifers top 34.75-33.50; choice 33.50-32.75; good 32.75-32.00; good 31.25-31.75; cows utility and commercial 19.00-22.00; bulls 23.50-24.50. Tuesday's receipts 2,000.

were opened in most of the domestic, regulated basic commodities.

In New York, for instance, the Mercantile Exchange opened dealings in Maine potatoes and spot eggs, but deferred trading in platinum, palladium, nickel and coined futures.

The New York Commodity Exchange delayed all futures trading pending a meeting of its board of governors to study the situation.

The New York Cotton Exchange and the New York Coffee and Sugar Exchange opened on schedule. The Cotton Exchange, however, suspended trading in orange juice and tomato-paste futures and propane gas futures.

The program includes grass seedling for pasture, range conservation, pollution abatement, permanent ditch lining and reorganization of irrigation systems among other practices.

### Program reopens in area

**TWIN FALLS** — Carl Boyd, chairman of the Twin Falls County Agricultural Stabilization and Conservation Committee, said Monday the Rural Environmental Assistance program (REAP) reopens in the county this week for fall conservation practices.

Applications from county farmers for the cost sharing conservation and pollution practices this fall will be accepted at the local ASC office through Aug. 27.

The program includes grass seedling for pasture, range conservation, pollution abatement, permanent ditch lining and reorganization of irrigation systems among other practices.

### Grain

**SEATTLE (UPI)**—Grain:

Choose 3 lbs processed loaf 50¢-65¢; bran 40¢-50¢; whole grain flour 40¢-50¢; whole grain bread 45¢-55¢; flour 40 lb blocks 59¢-65¢; Swiss (whole) 40 lb bags 70¢-75¢; grade II 42¢-52¢; grade C 42¢-49¢.
